# Devil Sweeper

Merle Crutchfield, Robert Schnell, Gary Li, Daniel Lee
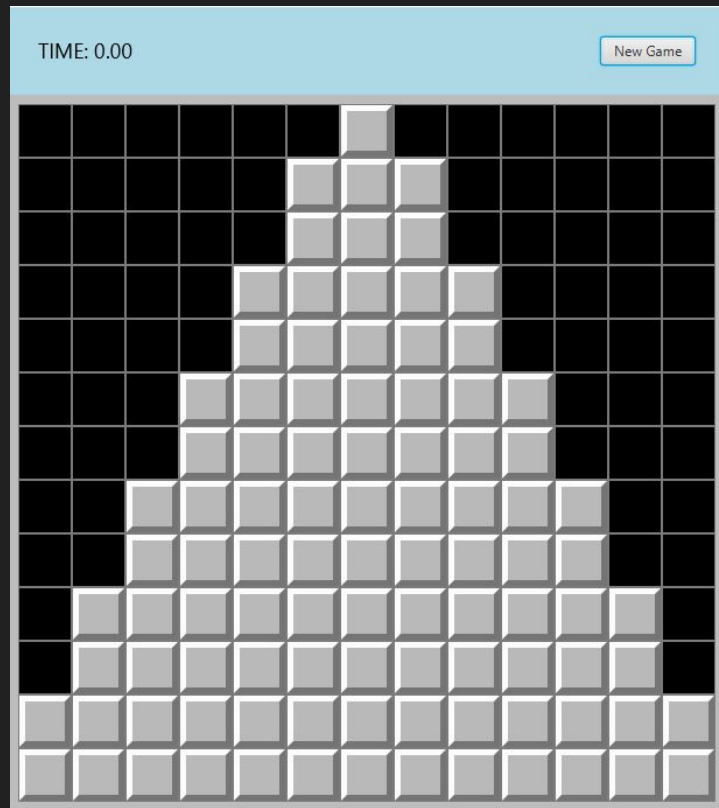

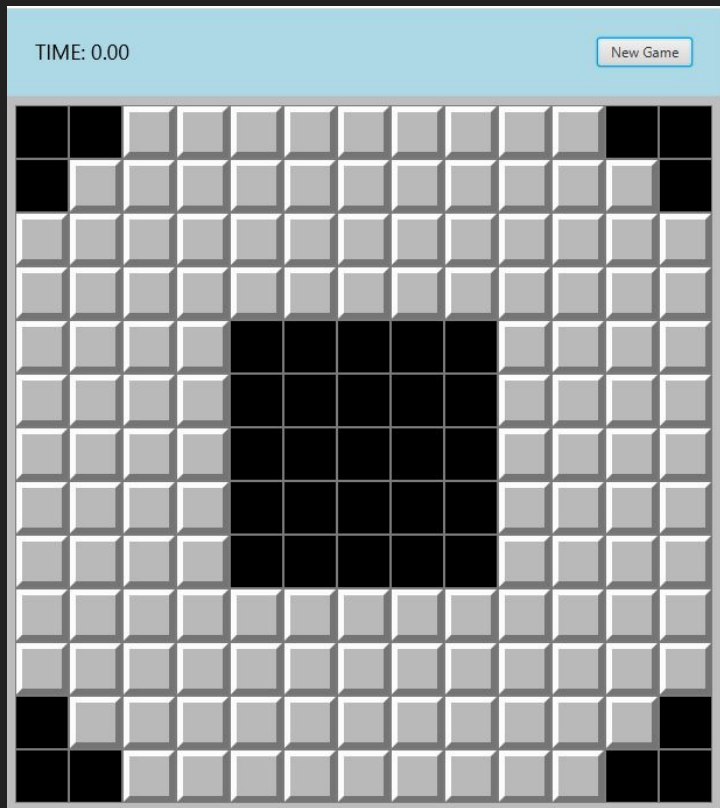

Minesweeper but with a twist!
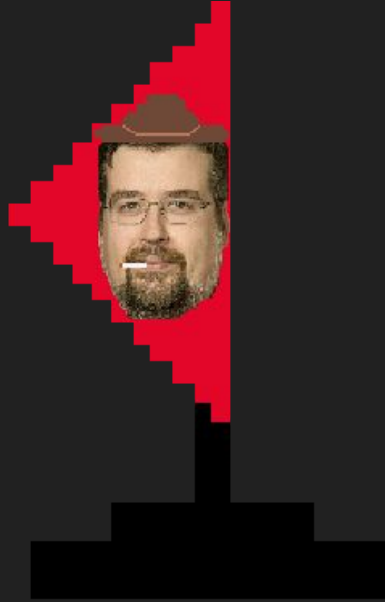

How to play

- Run Minesweeper.java
- Choose between: New Game, Leaderboard, or Load Game
- If starting new game, select the gamemode from the following options: regular, triangle, donut (select triangle or donut to see our wow factor)
  - Enter your name as prompted
- Left click any square in bounds to start the game
  - Right clicking will flag a square and you won't be able to left click it without unflagging it by right clicking again
- Once game is won or lost, click New Game to begin again or the back arrow to go back to the title card
